Leominster, MA | 978.562.7500 | ais-inc.com

Welcome to the 2022 Manufacturers Directory for North Central Massachusetts!

This publication reflects our commitment to supporting and growing the manufacturing sector in North Central Massachusetts. The region has always had a rich and proud manufacturing history, including serving as the birthplace of the American plastics industry in Leominster. Today, the region boasts over 400 manufacturers, including companies involved in pharmaceuticals, medical devices, electronics and the largest plastics industry cluster in the Northeast. While the economy in North Central Massachusetts is diverse, our manufacturing sector is a particular standout. Manufacturing is the region's third largest industry, accounting for 15 percent of the region's total employment. Fully one-third of all private wages paid in the region are from manufacturing jobs. Manufacturing is also twice as concentrated in the region as the U.S. average.

Whether you are a manufacturer seeking new collaborators or suppliers, a real estate professional scouting locations for a client, or an entrepreneur seeking companies to assist you in developing your product, we hope that you will find this publication a useful resource. Working with multiple sources, we confirmed the operating status and primary product line of each company listed, resulting in the most current and comprehensive list of companies manufacturing in North Central Massachusetts.

In addition to the listing of local manufacturers, the publication also includes a listing of suppliers and a guide to business and industrial parks in North Central Massachusetts. Whenever possible, we would encourage you to support other local businesses and utilize this directory as a reference tool for doing business with one another.

The North Central Massachusetts Development Corporation (NCMDC) is the economic development arm of the North Central Massachusetts Chamber of Commerce and is focused on creating jobs and improving the economy of North Central Massachusetts.

We sincerely hope you find this publication an informative and valuable tool for your business, and ask that you provide us with feedback on ways to improve the next edition.

Sincerely,

A handwritten signature in black ink, appearing to read "Roy Nascimento", with a long horizontal flourish extending to the right.

Roy Nascimento,
President & CEO
North Central Massachusetts Chamber of Commerce
